There is a link on the Pine Valley website for all community members (faculty, staff, parents, residents, students and business owners) to complete a survey for input on the search for a new Superintendent. Or you can access the link here: https://www.surveymonkey.com/r/W8TT2VF

The link will be available until June 30th. The Board will review all the responses to the community survey and appreciates the input received about the district's needs for the next superintendent of schools. It will help to shape the profile of the candidate that we are looking for as we move forward with our search.

Our Board of Education is committed to seeking input from various stakeholder groups as we move forward with this most important process. The Board will be appointing interview teams to assist with the interview process. Information about these stakeholder interview teams will be forthcoming in the months ahead. These teams will be involved in the final interview stage, and will be required to attend a pre-interview training, as well as all final interview dates. Input will be gathered from these teams as the Board determines a profile and skill set that best fits the needs of our community.

The Board of Education will continue to provide updates on the process as it moves forward.

Respectfully submitted,
Pine Valley Central School District Board of Education
