

LITERACY IS FUN TIME (LIFT)

MARCH CHOICE BOARD GRADES 3-6

<p>Pick one day. Make a list of all the things that you read. Did you read captions on the tv, product labels, a recipe and/or directions?</p>	<p>Make a poster about reading. It could advertise a good book or be about how much fun it is to read. The possibilities are endless. (See Mrs. Kelley if you need paper)</p>	<p>Read a poem. Draw an illustration to go with it.</p>
<p>Read, Read, Read! It is never a bad idea.</p>	<p>Free Space: GO outside and play. Our bodies need exercise to help us focus.</p>	<p>Make a list of 5 of your favorite things. Write a couple of sentences telling why you like each thing and describe it.</p>
<p>March is Dr. Seuss's birthday month. Read as many Dr. Seuss books as you can. Which one was your favorite?</p>	<p>Write a story about finding gold at the end of the rainbow. How did it happen? What did you do with the gold?</p>	<p>Take a break! Let an adult read to you. You are never too old for a read aloud.</p>

These are some fun, optional, remote Friday activities for the month of March. Please enjoy working on these activities throughout the month if you have some extra time. Mrs. Kelley and Mrs. Marsh look forward to seeing what you chose to do at the end of the month. It doesn't matter if you complete 1 activity or all 9 activities.
