

3rd Grade Curriculum:

ELA (Reading)- [American Reading Company](#)

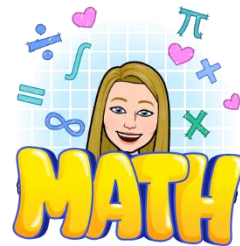

- **Unit 1** - ARC Literacy Lab- Students develop the academic routines of successful readers and writers with a literacy block that builds on their interests and abilities.
- **Unit 2** - Weather/ Climate Informational Research Lab- Students learn about weather while becoming experts at reading and writing informational texts.
- **Unit 3** - Traditional Tales Literature Genre Lab- Students study literary elements in a genre while constructing narratives in that same genre.
- **Unit 4** - Marine Life Argument Research Lab- Students learn about marine animals while constructing arguments using their own research.

Math- We will soon be starting a new curriculum called [Envision](#).

Some of the topics covered in 3rd grade are:

- Multiplication
- Division
- 1 and 2 step Word problems using addition, subtraction, multiplication, and division
- Area and perimeter
- Fractions
- Measurement
