

Pine Valley Central School Community Service Individual Student Log

Graduation requirements at Pine Valley Central School include a component for 70 community service hours. Students are expected to provide thoughtful and meaningful service for someone, a group or an organization in our community. Students may not receive monetary nor material compensation as an individual, as part of a team, class or organization. If you have a question as to whether or not the service being performed is an acceptable or approved community service activity, please contact the Community Service Coordinator, Stacy Chase at 988-3276 ext. 4334. Regular opportunities are updated on the school website at www.pval.org. We also have a Time Sheet available for extended commitments of community service. Group Logs are also available for your convenience.
