

YOUNG CHILDREN DROP-OFF REQUIREMENTS

The younger grade school-age children cannot be dropped off at home unless there is a responsible adult (i.e. parent, guardian, sitter) available. **The driver must be able to physically see that responsible individual before releasing that child.** We ask that you be at the bus stop or at least show yourself at the door so the driver can see you. If you as a parent/guardian wish to have your child dropped off at any time without the presence of an adult, you must send an authorization letter to the school indicating your request. Without a request letter on file, and when a responsible adult is not available (or physically seen) to receive that student, he/she will be brought back to the school and pick up will be arranged by the parents.
