

Math Coach Corner

Week 3

Envision Math

You're all off to a great start with the new Envision Math Program.

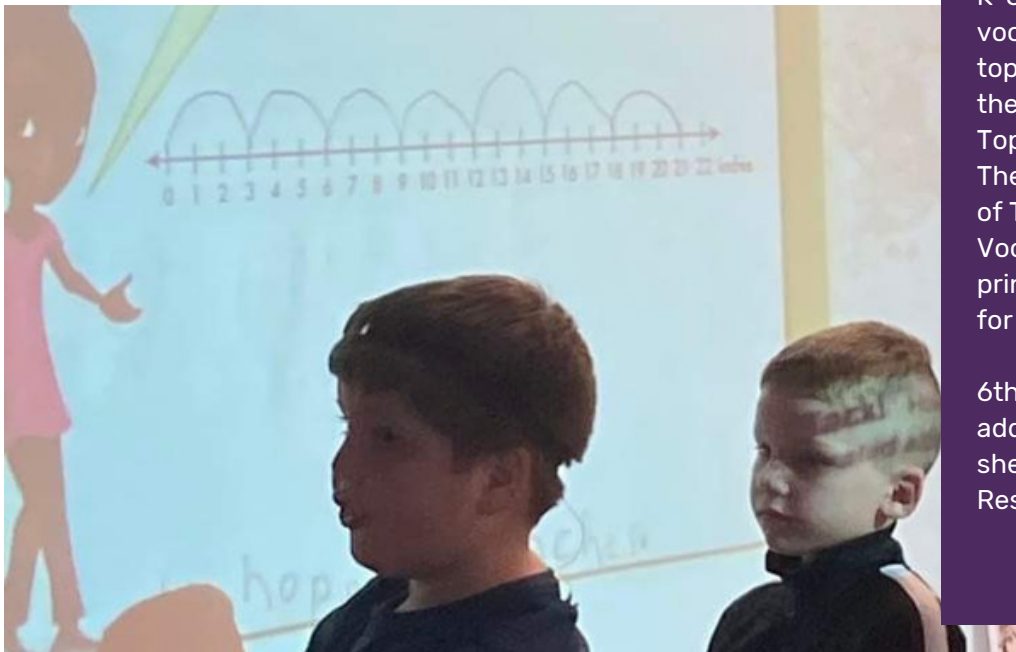

Implementing the 3-step process is the first big hurdle! The tips to the right will explain other features you can check out. As always, email me or "book" a time with me.

I am of service to YOU!

Book a Time

Third Grade Solve and Share

Tips!

Use the Lesson Planner to prepare for vocabulary, and manipulatives for each topic and lesson. It is the first green page in each topic introduction in the Teacher's Manual

In the back of Volume 2 of your Teacher Resource Book you will find blackline masters of manipulatives and graphic organizers

K-5.....You can print vocabulary cards for each topic. Click on your manual then on the left side find the Topic 1 Title and click it. Then find Topic 1: Beginning of Topic -> Topic 1 Vocabulary Cards. You can print these and cut them out for each student.

6th - 8th ...There are additional vocab reteaching sheets in the Teacher Resource Manual
